

IT'S WALL STREET VS. THE 99 PERCENT -- AND I'M STANDING WITH SHERROD!

Wall Street banks caused a devastating recession — and now they're ducking responsibility. Worse, they're defrauding homeowners, seniors, and even our veterans. And it seems like, every day, there's a new fee designed to pad their profits at the expense of working families already struggling to make it.

It's time to fight back. Sherrod Brown is a Senator for the 99 percent of Americans who play by the rules and have had enough of Wall Street running the show. He led the effort to prevent any bank from getting too big to fail — or too powerful to destroy our economy.

Sherrod's record of fighting against Wall Street special interests is why he's one of their top targets in 2012 — and why Ohio is a critical battleground in the fight to reclaim our country from Wall Street special interests.

Stand with the 99 percent — join Sherrod's fight for working families!
